

inFIRE Conference 2000

CALL FOR PAPERS AND PRESENTATIONS

May 9-12, 2000

Institute for Research in Construction
National Research Council Canada
Ottawa, Ontario, Canada.

Fire Information in the New Millennium: Challenges and Opportunities

inFIRE - *the international network for Fire Information and Reference Exchange* - is a worldwide consortium of fire libraries and information centers. Your audience will include information managers, professional librarians, and other specialists involved in the acquisition and dissemination of fire information.

The 2000 conference will provide a forum for sharing the most recent information in fire research and technology. Papers and presentations are invited from, but not limited to, the following areas:

- Internet and intranet applications
- Risk management
- Virtual libraries
- Advances in fire science and fire protection engineering
- Fire education
- Knowledge management
- Future trends for fire information

Submission Requirements

Plan on a delivery time of forty-five minutes, with an additional fifteen minutes for questions and discussion. Submit a short abstract (approx. 200 words) no later than December 31, 1999. The inFIRE Committee will make selections shortly thereafter, at which time notification and full instructions will be provided to the chosen speakers. *Please note that presenters are responsible for their own expenses.* Send submissions to:
